Committee wants to use surplus

Committees which manage their funds efficiently are penalized by the accounting procedures followed by the municipality. That was the message brought to the November 10 meeting of Anson, Hindon and Minden municipal council by Recreation Committee spokesman Dean Elliott.

In particular, Elliott was interested in a 1982 surplus of \$1490 generated by his committee. He noted that under municipal accounting procedures, funds that remain unspent by a committee at the end of the year are absorbed into the general account and can be reassigned to other uses. "The committee assumed

this money would be available in 1983 and now we find we don't have it," Elliott explained.

He told the meeting that the committee had planned some renovation work at the arena with the extra cash. He said there were plans to purchase steel material to cover in the end wall. The cost of the material would be \$700 to \$800. Installation would be carried out by the Katimavik crew.

Elliott told the meeting there was little incentive for committees to attempt to spend their funds wisely if, at the end of the year, any surplus realized through good management is not

MOE cool to extending life of present dump

Plans to add a new layer of garbage at the Scotch Line Road Land fill site received a cool reception from an official of the Ministry of the Environment.

The official, Frank Reinholz, appeared before the November 10 meeting of the Anson, Hindon and Minden municipal council.

Head of the committee responsible for the dump site, Councillor Dave Stevens, explained that the committee was considering the addition of another layer or "lift" at the present site. A number of loads of fill material have already been placed along the inside of the fence in anticipation of the proposal.

Stevens said the berm would be constructed and trees planted along the top to provide a barrier. Stevens noted that it is expected the dump area will sink as a result of the compaction of the garbage buried there. He suggested this action will provide the community with additional storage space for garbage at the site.

Reinholz was less than enthusiastic about the idea. He said the plan by the township to add another layer to the site would probably result in additional complaints from area residents. He predicted the proposal would result in

odour problems.

Reinholz noted that there had been few, if any, complaints about the Scotch Line site during the past year. He said this reflected the extensive management the dump is receiving and the fact that the working portion of the facility is slowly moving farther away from the residences in the area. He suggested these complaints might surface again if the main centre of activity for the dump was moved closer to the road, as would be necessary to begin the second lift.

"What would you gain," the MOE spokesman asked. "You may get five more years service out of the dump by following that plan but in five years, suitable sites for a new dump will be that much harder to find." The official noted that a new site would require an Environment Assessment hearing which would involve the public. "It is hoped this process would eliminate any problems establishing a new dump site," he commented.

The MOE representative told the council that the Scotch Line site was in fact illegal, however it had been allowed to continue in operation because it was an existing site when the MOE regulations regarding dumps were first intro-

duced. He indicated the ministry would not look favourably on extending the life of the facility.

Stevens asked the representative if his ministry would be willing to help the municipality locate a new dump site. Reinholz answered in the affirmative, noting that the county waste management study, carried out last year, would be the place for the municipality to start looking for a new location.

The study identified only two sites in Anson, Hindon and Minden which were marginally acceptable as sites for garbage dumps.

Reinholz noted that at a number of dumps in the county controlled burning is permitted. It was suggested that if the township burned the garbage at another location and brought the residue to the Scotch Line site for the burial in the second lift, they would be able to extend the life of the dump. Reinholz agreed this would eliminate odour and fire problems but questioned whether it would be cost effective.

He suggested the council might consider establishing a transfer station at the present site if the new location is too far from Minden Village. Residents

(more on page 2)

Second lowest bid accepted

Anson, Hindon and Minden council has decided to by-pass a bid submitted by a local supplier, even though it was the lowest price offered, and contract with Clarkson Gordon of Toronto for computer hardware and software. The decision was taken at the November 10 meeting of the council.

Councillor Gary Kenney, Reeve Lyle McKnight and clerk-treasurer Elinor Burke were the members of the committee assigned by the council to examine the four bids received for the municipal computer needs.

The committee recommended the Clarkson Gordon bid and other

members of the council followed that advice.

Councillor Gary Kenney, who presented the 15 page report which was compiled on the committee's findings, said the committee had taken into consideration that the lowest bid, provided by ESP Computers, owned by Gary Anderson of Minden, was from a resident of the municipality and that he was a respected member of the computer community. However, he noted that the system offered by ESP had not been in use in other municipal situations. "We wanted a system we could start with right away," Kenney said. "That is why we chose the Clarkson Gordon bid."

The contract with the Toronto firm was for a price of \$31,500. The bid from ESP Computers was \$25,785. Two other firms bid on the combined package. Their prices were \$55,700 and \$62,250.

Kenney said the municipality would be seeking assistance from the provincial government for the establishment of the computer system. Some grants are available where the province will share half of the cost of the new installation.

Kenney said the municipality could be one of the first of its size in Ontario and possibly in Canada to make use of microcomputers.

He also noted that Clarkson Gordon have offered a guarantee with their system. If the municipality was not pleased with how the system worked, the company would

buy back the hardware at the selling price. Deputy Reeve Ed Pergolas also note that the company had agreed not to charge for the software until a provincial grant has been obtained.

"We are getting in on the bottom floor here," Kenney commented. "Clarkson Gordon includes a great deal of training time with their bid."

When the computer is fully operational it is

expected to handle the receivables and payables for the municipality as well as general ledger, tax and water billings among other functions. The system will not be designed to handle the municipality's payroll as the contracting company has advised it would be too expensive to install considering the small number of staff.

Dumps

(from page 1)

would take their garbage to the transfer station where municipal trucks would haul it to the landfill site.

Reinholz also had praise for the idea of a dump runners corner proposed by Councillor Gary Kenney a year ago. He noted the ministry is in favour of recycling waste, particularly since it helps to extend the life of the landfill site. Little had happened with the idea since it was first proposed by Councillor Kenney.

Reeve Lyle McKnight said the council would establish a committee to determine what was to be done to replace the existing dump or extend its life. He suggested that controlled incineration might be the answer which the townships is seeking for its garbage problems.

Recreation Committee

(from page 1)

available to them.

Councillor Gary Kenney suggested that the same accounting practice was responsible for the loss of \$20,000 promised to the Business Improvement Area during its first year of operation. That money was not placed in a special reserve account and so when it wasn't used, it too, was absorbed into the general funds of the municipality.

Reeve Lyle McKnight agreed with the Recreation Committee spokesman that there was little incentive for the committees to "come in under budget" since they lost any surplus they had generated. He said there was incentive for the committees to be frugal if they knew they would have access to the surplus.

The matter was left with the council for further consideration.

Are your hard-earned dollars going up in smoke?

Then take a few minutes now and discover how adding electricity to your oil furnace can dramatically cut the cost of heating your home.

If your oil furnace is in good condition, but you'd like it to run more economically, a dual-energy system combining oil and electricity may be just the answer. In fact, depending on how much electric heat you add, and how you operate your system, you could use as little as one tank of oil for an entire heating season!

For example, an electric plenum heater or heat pump, will reduce the amount of oil your furnace uses by up to 75%. In addition, a heat pump provides air conditioning in the summer for economical year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

If you'd like to know more about dual-energy and all-electric systems, write to Ontario Hydro, 620 University Ave., 4th Floor, Toronto M5G 1X6, and ask for our free booklet "Electric Heating Options for Your Home."

The few minutes you take now could add up to big savings this winter.

Go Electric

Students plan career week

The school year may be less than half over, but already the senior students at Haliburton Highlands Secondary School are giving serious consideration to their futures. This concentrated look is centered around career week which takes place November 21 to 25.

Student co-ordinators Tara Davies and Rob MacLeod are hoping the special week will provide students with an opportunity to examine the choice available to them when they graduate from high school. "Last year's career week was of benefit to me," Rob commented. "It certainly broadened my horizons."

Tara noted that the week will provide a full schedule of activities. "It will begin with an introduction in home rooms Monday morning to let everyone know what is planned." Monday afternoon a keynote address and video presentation will help to build interest in the week and encourage the students to think about the future.

On Tuesday the senior students will be travelling to I.E. Weldon Secondary School in Lindsay where a special university information day will be held. Representative from Ontario universities will be on hand to explain their programs and answer questions.

The Wednesday program will allow time for teachers to offer first hand experiences to the students, explaining how their own career unfolded, the pitfalls they encountered and how the students might avoid them.

One of the main highlights of the week is the Thursday "job fair" at which representatives of various occupations will be available in the school gymnasium to talk to the students, explaining what is required for a career in their particular field and what the job entails. According to Tara, representatives of some 30 careers or professions will be on hand to meet with the students.

Throughout the week special noon hour programs have also been scheduled. These will provide students with an opportunity to explore various options in depth with an individual

knowledgable in that particular field.

The career week activities actually end several days later when, on Tuesday evening (November 29), a post secondary night will be held at the high school. Senior students and parents are invited to this special evening at which a panel discussion will take place. Taking part in the panel will be representatives from a college, university, private vocational school, apprenticeship, armed forces, private industry and HHSS principal Mr. Dale Robinson. Each will give the group a ten minute presentation on their area of

expertise followed by questions from the audience. An informal discussion period will follow allowing both parents and students to obtain more information about various opportunities.

The career week program has been organized this year by the students under the direction of guidance

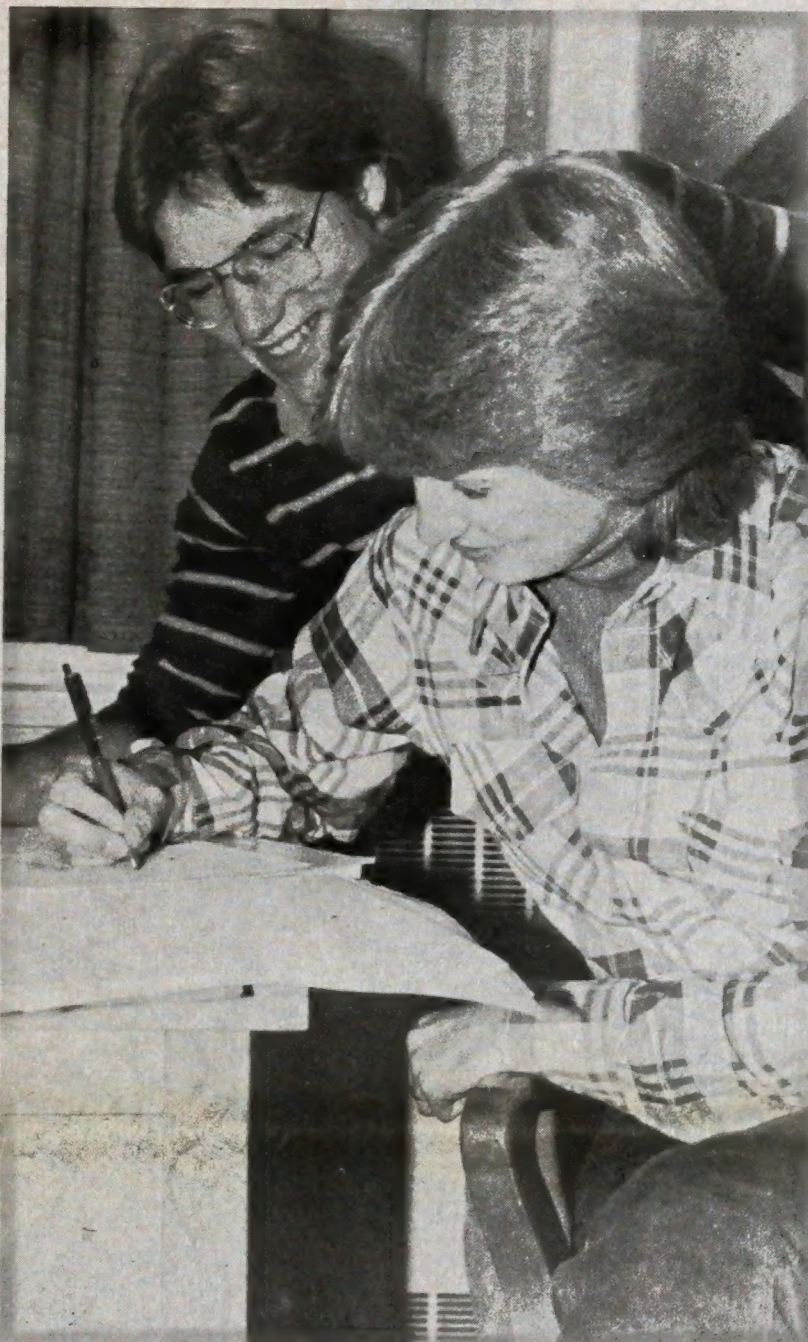

teacher Mr. Ken Rydman. Rob and Tara have headed a committee of 16 students who have co-ordinated the special week. "We hope the week will be more beneficial to the students, more oriented to them," Rob commented.

Tara noted that the committee members have been working hard to ensure the week is a success. She gave them credit for their whole-hearted support and many hours of planning of the week's activities.

Members of the committee assisting Rob and Tara

include Lori O'Brien, Karen Wright, Patty Higgins, Greg Lodenquai, Jay Poyner, Real Purnell, Lori Dunham, Rhonda Wilson, Carol

Anderson, Paul Milne, Shona Ross, Greg Pearson, Marie Bjorn and Bernie Upton.

Career Week co-ordinators Tom MacLeod and Tara Davies check over the schedule for next week.

Sharing the surplus

From time to time the municipal council appoints community volunteers to serve on committees overseeing various aspects of the municipality. The procedure is a worthwhile one for it allows the community to tap a wider human resource base, bringing fresh ideas to a particular area and reducing the workload for all concerned.

It is unfortunate therefore when individuals do volunteer their time and effort to operate a certain service or facility efficiently, that they should suffer for their diligence. A case in point is the plea heard by the Anson, Hindon and Minden council from a spokesman for the Recreation Committee for access to unspent 1982 funds.

The committee members believed, when they finished off 1982 with \$1490, that they had a small nest egg with which to complete certain unbudgeted improvements to the arena. The work was planned for 1983. However, when the committee attempted to make use of the money, they found that standard accounting procedures had transferred the surplus out of their control to the municipality's general fund.

As was pointed out at the council meeting, the process leaves little incentive for committees to spend their allotment prudently. Indeed, if the money will be lost if unspent, the only attitude to prevail will be to ensure every penny is spent, for value or not, by the end of the year.

Some might argue that allowing committee's access to surpluses in the following year would lead to budget padding so committees could obtain what they wanted "by the back door". While this may be a possibility, it isn't likely to occur too often. The council retains the right to approve, reject or alter any budget presented at the beginning of the year. The council could, for that matter, also exercise control over all surpluses, releasing them when deemed appropriate or required, and directing them to other uses as needed. But committees shouldn't be faced with the automatic loss of the fruits of their hard work as they are now.

We will remember them...

A new attitude needed

—by Bill Scott, MP—

In September of this year, Brian Mulroney appointed me Deputy Critic for National Revenue in his shadow cabinet. Since then, many of you have congratulated me on the appointment. I thank you for your best wishes.

I believe the choice of National Revenue was made due to my involvement over the past few years with the issue of quarterly payments of income tax by senior citizens. Canadians from coast-to-coast have written me detailing their situations of having to pay huge penalties for not paying installments quarterly, even though they were not aware of the requirement that they pay quarterly.

On October 27, in my role as Deputy Critic, I met with the Deputy Minister, Taxation, of Revenue Canada and some of his officials. I again broached this subject at that time.

Their response was that they were continually investigating ways of assisting senior citizens, but had not yet come up with a solution for the Department of Finance to consider.

As the discussions continued on such matters as the treatment of artists and musicians, the classification of farm income, etc., it became abundantly clear that the officials were sympathetic. However, it was also clear that National Revenue can only make informal suggestions to the Minister of Finance who is responsible for the Income Tax Act. There is no legislative responsibility

within Revenue Canada for income tax laws.

On November 3, I met with the Deputy Minister, Customs and Excise, of Revenue Canada. Again, I was struck by the fact that this branch, as well, has mainly an administrative

function. All revenue producing legislation is controlled by the Minister of Finance.

At both meetings, it was stressed that a more positive and less threatening attitude should be promoted at all levels of officials dealing with the public. I am hopeful that my message will be taken note of by the Minister.

Today, from the sides of the road on my well-posted lot, I gathered several large bags of garbage left by so-called hunters. The garbage consisted mainly of empty cans and beer and wine bottles. This year, unlike other years, there was only one dead bluejay.

All along our main highways, in defiance of both the law and common-sense, these lovers of nature stand watch. After they leave, a string of garbage let us know that they were with us again. The small group of wardens try to ensure that the government has received its blood money but close their eyes to the open defiance of the laws of trespass and common sense that occur as a matter of course.

Poll after poll has shown that up to seven percent of the Canadian public are against this annual slaughter of one of our few remaining natural fauna. A chauvinistic government has concluded that most of the seven percent are women who really don't count. They also fear that banning this form of murder might affect their political futures.

The arguments set forth by the various hunting club P.R. releases are so specious and so hypocritical that they are just nature lovers who like to get out in the wild and test their mettle against natural barriers. That shooting a deer in cold blood is just incidental to the outing. When it is pointed out that they could achieve all this and still bag their deer by using a camera instead of a gun and that furthermore they could enjoy this hunt any part of the year, they reply by saying that cameras are too difficult to operate and anyways, killing is part of man's nature and shouldn't be stifled.

This last point, I must admit, is valid. That is why wars never end and why finally, and possibly shortly, man will wipe himself and most other creatures from the face of the earth. Today is armistice day when Canada mourns its war dead. Today should also be

Dog days of winter

Above: Steve with the dogs on the run.

Right: Jesse examines the harnessed dogs.

Below: Valerie harnesses a dog.

Far right: The summer training chariot.

Story and photos
by
Michael Shirley

Most people would prefer winter to be the shortest season of the year. Oh, we would all like a white Christmas and the requisite covering of snow for snowmobiling, skiing and the winter carnivals. Most of us, however, would admit to enjoying the warmth of summer to the wintry weather about to descend on the Highlands.

There is one couple in the county who is eagerly looking forward to the arrival of winter conditions. Valerie and Steve Lougheed, who live on a farm near Gelert, raise huskies and can't wait for the racing season to begin.

The Lougheeds own 30 dogs that include pure-bred Siberian huskies, cross-breed huskies and an American foxhound that was given to them because it had lost its bark and was therefore unsuitable for hunting. The huskies that the Lougheeds race are not large dogs, averaging under 50 lbs. each but they have much more stamina than heavier dogs in a long race.

In order to get the dogs ready for the racing season, which begins in January, Steve and Valerie start training runs in early September. Of course there usually isn't any snow on the ground at that time of year so to compensate for the lack of snow the dogs are harnessed to a custom-built 3 wheeled chariot that weighs 350 lbs., has rubber tires, hydraulic brakes, a steering mechanism and can carry two adults.

Although the Lougheeds usually run an 8 dog team in competition they will harness as many as 12 dogs to the chariot for the training runs. When training begins in September the dogs are run a few miles a day, 4 times a week, then, as the season progresses, the distance of the runs is increased. By the beginning of the racing season the team is running 10 miles a day which is the distance they must run in competition.

Pulling a 20 pound sled and a driver the sled dogs are able to maintain a pace of 15 - 20 miles per hour.

An abandoned rail line near their home provides an ideal track for the workouts. With the rails and ties removed the right of way offers a wide flat area that curves gently for miles in either direction.

Watching Steve and Valerie harnessing the team to the chariot, under the watchful eye of their two year old son Jesse, it is obvious that the dogs are eager to start the run but there are no fights among the huskies or tangled lines. The sled dogs are well behaved and very obedient. They are treated firmly but gently and the Lougheeds never use a whip. Simple verbal commands are enough to start or stop the team or to turn them in the right direction.

At present the Lougheeds compete in races in New York State, Ohio, Pennsylvania, Quebec and Ontario. At one time there were races held in this area and there may be competitions held in the county in the near future. As a result of discussions that Valerie has had with the Haliburton Chamber of Commerce a committee has been set up to investigate the possibility of holding a race in the county each year beginning next winter. It could prove to be a very exciting event since according to Steve the established races have become very competitive in the last 10 years as more people take up the sport.

It is by no means an easy sport in which to be involved. It takes a great deal of time, energy and money to care for and train the huskies before a team can compete in a race.

Even with all the work that the Lougheeds put in to the sport they remain enthusiastic about racing. Perhaps it is not simply because of the challenge that racing a dog team offers but the fact that gliding swiftly over the snow covered countryside (behind a determined team of huskies) is a very rare and exhilarating experience.

from the chamber

What does the Chamber of Commerce do for me?

This is one of the first questions asked by all prospective new members (and some old ones).

There are two main functions to the Chamber of Commerce and we are active and growing in both of them.

The first area is promotion. A good portion of our budget is spent telling people where the County of Haliburton is, what we have to offer in the way of events, attractions and services and why they should visit our area. This is done through newspaper ads, area directories, accommodation guides, travel shows, information booths and press releases to radio, T.V., and newspapers etc.

We also have a toll free line for people to call for more information. For instance, 100,000 directories were distributed last year in co-operation with the Central Ontario Travel Association, 15,000 winter guides, 25,000 summer guides and 50,000 'Lure' brochures. We also mailed directories to cottagers in the county to let them know who our members are and

where to find them. We encourage people to "Shop and Deal" in the Highlands.

Every time a vacationer, be they traveller or cottager came into your establishment last year and gave you money for goods or services you can bet that directly or indirectly they were sent by the Chamber.

If your business deals strictly with year round residents remember this - tourism is the second largest industry in Ontario (soon to be the first) and it is the largest industry in this county. That year round resident somehow and somewhere benefitted from tourist dollars and passed some of them on to you.

A recent study showed that in 1981 it is estimated that tourism accounted for \$76,000,000 in sales in Haliburton County. It also stated that about 44% of the population in Haliburton County is directly involved in tourism. It only seems logical that some of those dollars ended up in your pocket.

And that only the half of it! Next week we will examine the services available to our members.

Don't forget

The Chamber of Commerce and Minden Area Tourist Association (MATA) are co-sponsoring a seminar on small business management development Tuesday, November 22 at the Community Centre in Minden, starting at 7:00 p.m. Guest speakers are Mr. Ed. Major, a consultant to private businesses and governments. He specializes in the feasibility of new business and the expansion of existing operations and has just completed a study of over 20 businesses in Haliburton County. The study was funded by the Ontario Ministry of Industry and Trade.

Also speaking, Mr. Peter Skinner, co-ordinator of the Small Business Management Development Program for the Ontario government. Both men will be talking about small businesses in general and those in the county in particular. Everyone in

business should plan to attend.

- Notice of meeting - The annual membership meeting of the Haliburton Highlands Nordic Trail Association will be held on November 23 at 8:00 p.m. at Maple Sands Resort just off the North Shore Road near the Stanhope airport. RSVP to Rhonda Elstone 457-1328. Cash bar.

- The Highlands Little Theatre is presenting Neil Simon's play "Prisoner of Second Avenue" on November 17, 18 and 19 at 8:00 p.m. For more information call Wayne Henderson at 286-1424.

- The Military Art and Memorabilia Shows continue at the Agnes Jamieson Gallery until November 19 and at the Rails' End Gallery until November 23.

- Minden United Church is having a bazaar and bake sale on November 18 from 11:30 a.m. until 2:00 p.m. with a soup and sandwich luncheon for \$2.50.

ONTARIO GOVERNMENT TENDER

Creel census data suitable for the estimation of angler effort and harvest, and for characterizing harvested fish, are required for Crown Lake and Kimball Lake in the township of Livingstone and from Sherborne Lake, Nunikani Lake, and Clear Lake in the township of Sherborne, during the period from January 1, 1984 to March 31, 1984. The data collection period will include all weekend days and holidays and some weekdays, up to a maximum of 42 man-days per month. The schedule of work has been predetermined.

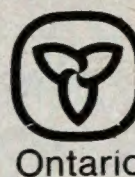

Completed sealed tenders will be accepted at the Huntsville Regional Office, P.O. Box 9000, Brendale Square, Huntsville, Ontario, P0A 1K0 up to 4:30 p.m. December 12, 1983.

Tender document must be picked up at the Dorset Research Centre, Ministry of Natural Resources' Mobile Fisheries Laboratory, Bellwood Acres Road, off Highway #117, 2 km west of Highway #35, between the hours of 10:00 a.m. and 3:00 p.m. on November 23, 1983.

Federation of Ontario Naturalists

The search for solutions to modern environmental ills can lead scientists into some unlikely experiments and the acid rain problem has produced at least one prize-winning candidate. Somewhat akin to catching a greased pig, it involves tracking an inert, colourless and apparently harmless gas wherever the wind blows it across eastern North America. Not a simple matter. But already the results are helping to fit one of the remaining pieces into the acid rain puzzle.

In recent weeks, samples of a rare perfluorocarbon gas have been launched into the atmosphere at Dayton, Ohio and Sudbury, Ontario. A huge network of ground-based monitoring stations along with a squadron of airplanes have followed in hot pursuit and mapped the gas plumes as they dispensed.

The problem which prompted this high-flying research is straightforward. While the effects of acid deposition on Ontario lakes have been demonstrated and recent authoritative American studies showed a conclusive link between sulphur dioxide emissions and acid

deposition, it's not so easy to tell whose smoking gun killed the fish in your favourite lake. And before industrialists or utility owners or state and provincial governments can agree on how to apportion the costs of clean-up, they've got to have some hard evidence of who is at fault. Until now all we've had to rely on is educated guess work. Well, according to the scientists involved, the gas charges were successfully tracked, showing that those released in Dayton strayed twice over Ontario, while the Sudbury emissions were swept over New York State and out to the Atlantic. So it's now safe to say we've proven that the pollution causing acid rain is blown over very long distances from the heart of offending industrial areas onto sensitive wilderness areas. With modern computer programs we can now predict the routes to be taken by acid rain storm clouds based on meteorological data.

Scientists on both sides of the 49th parallel have now provided an admirably clear picture of the acid rain cycle for our part of the continent. It's high time for politicians

to agree on a transboundary plan for sharing the clean-up. This will no doubt prove far more difficult than any scientific research. So it's now up to us as citizens to start tailoring our elected representatives. If you need directions, the Canadian Coalition on Acid Rain, a broad spectrum of environmental, business and citizen groups, co-founded by the Federation of Ontario Naturalists, can probably help you out. Write or telephone: Canadian Coalition on Acid Rain, 112 St. Clair Avenue West, Toronto, Ont. Tel. (416) 968-2135.

Sentenced for theft

A sentence of nine months has been imposed on Brett Porter, of Minden, after he pleaded guilty in court in Lindsay to the theft of an OPP service revolver. The weapon was taken from the Minden home of the officer while he was on vacation.

Porter had been sentenced a week earlier to three months in jail for a break-in at the county garage in Ingoldsby in which a number of chain saws were taken. He was also sentenced to a one month term for damages to a Minden apartment.

This latest term will be

served consecutively to those imposed the week earlier.

In connection with the same incident, Timothy Beaver, 17, of Minden has been charged with possession of stolen property, the revolver. Beaver has also been charged with breach of probation.

Thief sentenced

A term of nine months was handed down to Peter James Wilson, 22, of Haliburton after he was found guilty of theft of drugs from the Good Medical Centre in Haliburton. Wilson was also charged with

possession of stolen property and breach of probation. He appeared in court November 9 in Minden.

Cottage entered

Some \$2735 in property was taken from a Gull Lake cottage following a break-in discovered this past week. Taken in the incident was a colour television, stereo equipment, a video game, two rifles and a shot gun.

Access to the cottage was gained by breaking down the front door.

The matter is being investigated by Constable Mike Maher.

HALIBURTON CAMPUS

A Sessional Instructor is required to teach the

Hardwood Lumber Inspection Program

for the period January 2, 1984 to May 4, 1984
(18 weeks).

Applicants must be a graduate of a hardwood
lumber inspection program and have several
years experience as an inspector.

Please submit resume by December 5, 1983 to:

Director, Human Resources
Sir Sandford Fleming College
526 McDonnell Street
Peterborough, Ontario
K9J 7B1

(This position is open equally to men and
women)

Kinmount Legion members observe the wreath laying ceremonies at the cenotaph Sunday morning in memory of those who did not return.

Civil servants retain rights

by John Eakins, M.P.P.

Some 680,000 public sector employees have been given back the right to bargain collectively, and some have been given back the right to strike. However, the government has removed clout from these restored rights by announcing a 5 per cent limit on public wage spending. The Provincial Treasurer has also announced that Ontario's 16,000 doctors, who were exempt from last year's wage restraint program, will have the 10 per cent fee increase they were to get in 1984 reduced to 8 per cent. By doing this, the Treasurer has violated the third-year terms of the government's five year fee agreement with the doctors. However, he pointed out that the doctors have the right to cancel the deal and to reopen talks next year in an attempt to fight the reduction.

Low-income workers confronted with rollbacks by the Inflation Restraint Board will be given more freedom under Ontario's new restraint program to attempt to negotiate away the inequities to which they were subjected last year, according to the Provincial Treasurer. Recently, he promised to ensure that staff of Sensenbrenner Hospital in Kapuskasing would not have to pay back amounts of up to \$1,000 each under a wage rollback ordered by the Board. However, he has now informed the Legislature that he will be taking no

special measure on behalf of these workers, nor will he intervene in other cases of rollbacks which Opposition MPPs say are clear cases of hardship.

Hydro accountability

The controversy about Ontario Hydro continues. Our longstanding demands for a forum in which Hydro officials could be made accountable to Members of the Legislature have won support from the Corporation's interim chairman, who has stated that Hydro now views a Select

H O M E O W N E R S

HOLD YOUR BREATH AND READ THIS.

If your chimney is defective, your house may be feeling just like you do right now. Because heating systems take in oxygen and release carbon dioxide. Just like you do.

But when a furnace can't get enough oxygen, or carbon dioxide can't escape, your house can't "breathe." Carbon monoxide can be created and that is a dangerous situation for you and your family.

A clean and clear chimney is necessary to vent your furnace properly.

Here are some warning signs of chimney deterioration:

- ☐ loose mortar and bricks
- ☐ white powder or water stains on chimney above roof
- ☐ water stains at the chimney's clean-out door.

YOU MAY NEED A CHIMNEY LINER TO PREVENT EROSION OF THE MASONRY.

For your safety, and for your peace of mind, have your heating system and chimney inspected and cleaned annually by a qualified contractor. You and your house will both breathe a sigh of relief.

Huskies tie Gravenhurst 4-4

The Haliburton Travelways Huskies squeezed a tie out of the Gravenhurst team Saturday evening in a game which provided two solid hours of hockey excitement for the over 200 fans in attendance. The Huskies finished the Saturday evening contest in a 4-4 situation as they came up against the team from Gravenhurst.

It was an evenly matched contest with close checking from both teams and some spectacular saves by netminders at both ends of the arena.

The Gravenhurst squad jumped into a two goal lead in the first period. Colin Newell in nets for the Haliburton team found himself a target in shooting gallery for the first goal. After turning aside four shots in rapid succession, the visitors finally found the spot and notched their first at the 10:35 mark. The second Gravenhurst tally came three minutes later when Colin dove for a low shot and the attacker flipped the rebound over the sprawled netminder.

The Huskies found their legs and scoring accuracy early in the second stanza. Greg Newell connected at 1:07 on a slap shot as the visiting goalie was screened. Assists went to Bernie Upton and Dave Nichols. Newell repeated the performance again using the same spot to launch a blistering slap shot which snaked by the Gravenhurst netminder at 5:30. Assists went to Robb Abbs and Scot Hamilton.

Gravenhurst went ahead again in the third period scoring at the 8:24 mark. The Huskies grabbed the lead again four minutes later as Tony Scheffee found an excellent spot in front of the visitors net and pounded one past the goalie. Assists went to Greg Newell and

Tony Scheffee (number 14) finds himself advantageously placed in front of the Gravenhurst net during the Saturday evening Huskies game. Scheffee scored the third goal for the Huskies.

Scot Hamilton. The Huskies then grabbed the lead, briefly, as they peppered the Gravenhurst goalie with shots until Steve Smith connected. Assists were awarded to Dave Nichols and Scott Arbuthnot.

Gravenhurst turned on

the pressure in the final minutes and managed to score with just over a minute remaining in the action. The tally came on a goalmouth scramble.

Sunday's contest

Unlike the game Saturday evening, in which a minimum number of penalties was called against each team, the Sunday afternoon contest was

peppered with a series of minor infractions. As well, the visiting Huntsville team grabbed an early lead and never let the Huskies get ahead.

The six goal scoring effort by the Huskies was led by Bernie Upton and Dave Nicholls who notched a pair each. Also scoring for the Huskies was Robb Abbs with an unassisted goal midway through the second

period and Steve Smith who scored early in the final frame.

Huntsville scored two goals in the first period, three in the second and three in the third to take the contest. Final score Huntsville 8, Haliburton 6.

An important meeting concerning

Your Student's Future

will be held Tuesday

November 29

at 7:30 p.m. at the Haliburton Highlands Secondary School. The "Post Secondary Night" will examine the options available to students after high school. Representatives from colleges, universities, the Armed Forces and private industry will be in attendance to explain what their field has to offer the high school graduate. A question and answer period will follow the presentations. Students and parents are encouraged to attend this important meeting.

puck talk

Bantam

The Midget Bantams went down to a 9-6 defeat at the hands of their Bracebridge counterparts in a game played Saturday at the Minden arena.

Scott Russell scored three goals for Minden and assisted on another. Other goal getters included: Gord Wood with a pair and Tom MacLeod with one. Gord Wood also assisted on two other Minden tallies. Assists were also credited to Tom MacLeod and David Shaw.

Juveniles

The Gravenhurst Juveniles were left spinning on the ice Friday evening as the Minden team pumped 12 goals past their goalie during a regular season contest.

Jeff Bain led the way for the Minden Monarchs scoring four goals. Scot Hamilton assisted on each of the Bain markers. Jeff Stamp and Kevin Smith each netted hat tricks in the evening with Stamp picking up a pair of assists.

Scot Hamilton scored a single and contributed to five others during the evening. The other single for Minden came from Scott Yake who also assisted on one other. Other assists were added by Kevin Hamilton with three, Doug Schell, Blaine McKelvey and Eldon Bull each with one.

The lone Gravenhurst goal came at the 9:47 mark of the final period.

Midget

Wednesday night, the Midgets travelled to Huntsville for a game against a big, strong team and a goalie who is all toes, glove and stick. There has to be a good portion of rubber in that boy too! He bounced well!

We opened the scoring at 12:22 of the first period, as Jeff Howe fired one home from Greg Newell and Mike Blake.

The remainder of the game saw Huntsville put five into our net, while forechecking, backchecking and the rubberman combined to keep us off the board. We had a number of good opportunities, including power plays, but the Huntsville Thursday night show proved to be a bit more than we could cope with.

Just in passing

It is always interesting to make note of important first, and we have a number to report this week.

- Minden Minor Hockey has its first girl hockey player Marsha Lee who is playing in the Novice House League.

- the organization also has its first female referee. Tina Hie has passed her first level.

- also joining the local referee corps is Daryl Ward.

- it should be noted that

Gord and Tim Wood have both advanced for a higher level of officiating.

Congratulations are in order for all of these young people and the contribution they are making to Minor Hockey in Minden.

The schedule

Friday, November 18 - 8 p.m. Huntsville Juveniles at Minden.

Saturday, November 19 Midget tournament in Haliburton.

1:30 p.m. Port Carling Atoms at Minden.

2:30 p.m. Port Carling Pee Wees at Minden.

4:00 p.m. Port Carling Bantams at Minden.

Sunday, November 20 - Midgets play in Mactier.

Tuesday, November 22 - exhibition game, Lindsay Midgets at Haliburton.

The HHSS field hockey team advanced to the All Ontario Finals this year in Peterborough after winning local and regional championship play-offs. Under the coaching of physical education instructor Mrs. Kit Pizey, the team placed in the top eight in the final competition held in Peterborough. Members of the championship team include, from the left, front row, Lesley Tashlin, Lisa Jones, Wendy Ballantyne, Lisa Mallot, Jennifer Gentle, Melissa Creelman and Lindsay Tashlin. Second row, Heidi Tashlin, Marla MacNaull, Tara Davies, Michele Harrison, Kathy Shipley, Louise Newton, Shona Ross, Signe Tashlin and coach Mrs. Kit Pizey. Missing from the photograph are team members Sandra Heywood, Michele McKelvey, Michelle Purnell, Maria Rosenburg, Laurie Salvatori, Rhonda Wilson and manager Kim Brown.

It was another successful season for the Haliburton Highlands Secondary School senior soccer team. The squad, under the direction of coach Glen Scully captured the Kawartha West Championship. Members of the team include, from the left, front row, Tim Wood, David Storey and Andrew Shapiera; second row Fred Agnew and Tim Deremo, and back row, Khoan Pham, Scott Milburn, John Teljeur and coach Glen Scully. Missing from the photo are team members Jeff Smith, Kevin Siccard, Bill Stromberg, Paul Milne, Chris Laporte, Mitch Abel, Scooter Burgess, Dwayne Warburton and Gary Vanderstarren.

X-Country group meeting

The annual general meeting of the Haliburton Highlands Nordic Trail Association is scheduled for next Wednesday evening. The meeting will bring members up to date on the organization's activities during the past year.

The most important activity undertaken by the group has been the expansion of the trail network in the county. Working with resort

operators and local clubs, the association has been attempting to expand its network to enable skiers to travel from one area to another without having to retrace their path.

The association is also providing trail grading services and standardized signage so that all cross country ski trails in the Highlands will have the same markings.

The meeting will hear reports from various

committees within the organization and provide an up to date report on the trail system for the coming season.

The association will meet at the Maple Sands Inn off the North Shore Road in Stanhope Township. Meeting time is 8 p.m. Members and those wishing to learn more about the organization are encouraged to attend. For more information contact Rhonda Elstone at 457-1328.

Robins 111, Crows 101, Owls 95, Eagles & Budgies 94, Doves 73. Doris Craig and Ev Stata 95 pins over average. Ira Carter and Harold Mann 49 pins over average.

Q: Ever see a fat jogger?

A: Not for long.

PARTICIPATION

The Junior Redmen were winners of the Kawartha West Football Championship this year after a season in which the team was undefeated until the final game. That game was played last week when they met Adam Scott High School of Peterborough. The game was for the Kawartha District Championship. Members of the team include, from the left, front row, John Burton, Mike MacNaully, (captain), Mike Blake, (captain), Peter Allore

(captain), Trevor Powers (captain), Ian Cooper, Tran LaRue (manager); second row, Kevin Barnum, Craig Crowe, Paul Allore, Lenny Johnston, Kirby Baggy, (manager), Andrew Burk, Glen Hall, Rob Crowe, Dan Hayes, (manager); back row, Bob Colliver, coach, Chris Carl, John Ballantyne, Rob Mifflin, Alex Little, Derek Little, Ron McDonald, Brad Archer, Tom MacLeod, Daryl Ward, Gary Brohman, coach, and John Fitzgerald, coach.

County offered Bobcaygeon Road

The county is being asked to take over the administration of the Bobcaygeon Road from Highway 118 to Minden. The request was made in response to a letter from the county roads committee sent to each municipal county in Haliburton County. It was read at the November 10 meeting of the Anson, Hindon and Minden council.

The municipal request was that the county "strongly consider" taking over the Bobcaygeon Road as it forms a connecting link between provincial highways and provides access to a major tourist area.

Deputy Reeve Ed Pergolas also noted that while the municipality of Anson, Hindon and Minden contributed just less than 17% of the county budget, only 6.24% of the county road system was within the municipality.

After considering a number of options, the council resolution called for the county to take over the Bobcaygeon Road south from Highway 118, formerly the Vankoughnet Road, to the intersection with Newcastle Street in the core

area of Minden. The county road would then continue up Newcastle Street to Highway 35.

This would mean that the county administration buildings would be located on a county road and that it would link with another county road at Highway 35, South Lake Road.

This resolution will now be forwarded to the county road committee for further consideration.

Blowers Victorious

The Rockcliffe Foam Blowers and Hall's Insurance were victorious in Men's Mercantile League hockey action Monday evening at the Minden arena.

Rockcliffe more than doubled on Hartwick Construction, dumping them by a 13-6 margin. In the second contest, Hall's Insurance defeated Home Hardware by a 7-6 score.

The league plays every Monday at the Minden arena with the first game at 7 p.m. Admission to the games is free.

TIMBER SALE

Tenders will be received by the Ministry of Natural Resources up to and including December 13, 1983 at 12:00 noon E.S.T. for the right to cut timber on an aggregate area of approximately 31 hectares, comprised of:

Part of Lot 7, Concession IX
Part of Lots 7 & 10, Concession XI
Part of Lot 7, Concession XII
Part of Lots 9, 11 & 12, Concession XIII

in the Township of Somerville, County of Victoria, and located on the Victoria County Agreement Forest.

The total sale area contains an estimated volume of 1946.9 cubic metres (approximately 63,510 cubic feet), consisting primarily of red pine, with a small component of white pine. Product potential is mainly pulpwood although some sawlog and/or small pole quality material is present as well.

Further particulars may be obtained by contacting the District Manager, Ministry of Natural Resources, Minden, Ontario KOM 2K0 (Telephone 705-286-1521).

The highest or any tender not necessarily accepted.

YOUR HOMETOWN

**a great place
to live
to grow
to shop**

With the Christmas season just around the corner, you are no doubt preparing your shopping list. This year, visit local shops and stores first. Local businesses are an important part of your community. They provide services year 'round, are there when you need them and have a wide selection of merchandise. Moreover, local businesses provide employment opportunities, contribute to the welfare of the community and take an active interest in the growth and future of your hometown.

Shop your Hometown FIRST

Council briefs

Items from the November 10 meeting of the Anson, Hindon and Minden municipal council.

Christmas fund

A more co-ordinated approach is being sought by the municipality for the distribution of Christmas baskets to the needy. The job has fallen to the municipal by-law enforcement officer in the past few years, but the task is becoming more than he can handle.

It was suggested that one of the service clubs might be willing to assist in the venture.

It was noted that while the assistance of these groups would be appreciated, the distribution of the baskets and identity of those receiving them would have to be handled cautiously as some individuals are sensitive about receiving the baskets.

Dick Schell will be contacting service clubs and churches to determine if they would be interested in assisting.

Education vote

Should municipal governments exercise a degree of control over the expenditure of boards of education? Should spending limits be imposed on boards and should they be required to collect their own share of taxes?

These matters and others related to a resolution received by the County of Haliburton from Wellington County Council will be left to Reeve Lyle McKnight and Deputy Reeve Ed Pergolas to decide when the matter comes up for discussion at the county level.

The resolution, which has been shuffled around at the county level for a couple of months was finally circulated to all municipal councils for their consideration during the past month. Anson, Hindon and Minden council has decided to allow their county council representatives to vote on the matter as they see fit.

Councillor Gary Kenney noted that the Board of Education should make a greater effort to keep ratepayers informed on how the money it raises is being spent and why increases are needed. He suggested that an open meeting, "at which their budget would be explained in laymen's terms," would be valuable.

It is expected the matter will be discussed at today's (November 16) meeting of the County Council.

Fishy

Councillor Gary Kenney has suggested that the municipality establish a special fund to pay for stocking the Gull River with rainbow trout. Reporting on a recent meeting of the Business Improvement Area

board of directors, Kenney said the idea of a fund had been proposed so that donations would be tax deductible.

The councillor also proposed that the municipality consider matching the amount donated to the special fund up to a certain maximum.

Deputy Reeve Ed Pergolas said he was "not thrilled" with the idea of matching the donated funds dollar for dollar. He said he feels the money could be better spent elsewhere. He also suggested that caution would be needed if the BIA intends to sponsor a fish derby in the river. He suggested that the Ministry of Natural Resources experts should be contacted before anything of this nature is undertaken.

Light

Deputy Reeve Ed Pergolas drew to the attention of the council that a light is needed at the intersection of Highway 35 and Prince Street. He said the intersection is particularly difficult to locate when travelling north at night.

Council will look into where the responsibility lies to illuminating the intersection.

Meeting changed

The next meeting of the Anson, Hindon and Minden municipal council will be held November 23 at 7:30 p.m. The meeting would normally be held November 24 at that time, but a decision to change the time for this was taken November 10.

Very Important People

People of all ages and all walks of life do important and essential jobs as Red Cross volunteers.

YOU CAN HELP TOO. 

NOTICE

Township of Anson, Hindon and Minden

A Public Drop - In Centre

will be held on

November 24th, 1983

in the auditorium of the

Minden Community Centre

between the hours of

3:00 - 5:30 p.m. and 6:30 - 9:00 p.m.

The purpose of the meeting is to present information collected during the Background Phase of the Official Plan Study.

The information includes data on

- land use - seasonal and residential
- natural resources including aggregate, deer yards and fisheries
- road system - private and public
- financial review
- development capability and lake capacity

Hunter Paul Alton and Butch Alldread hold the forepaws of one of the largest black bears shot in this area in recent memory. The pair were hunting near the Bobcaygeon Road north of Minden when they shot this monster. It weighed in at 510 pounds and measured 7 feet. Black bears taken in this area generally range from 250 to 300 pounds. Seen with the two are fellow hunters Brock Upton, Roy Barrick, Doug Alton and Allan Upton.

Few problems with hunt

Police report there have been few problems related to the deer hunt currently taking place in the county. Two hunters reported lost, were found a short time after the initial report was received. The police have also received two complaints concerning trespassing.

Two vehicles sustained minor damages as deer attempted a degree of revenge this past week. The animals apparently emerged from the collision unscathed as they fled off into the bush after striking the cars.

Lethal dose
On Thursday, November

10, a 17 year old Haliburton County youth was taken to Haliburton Hospital in a semi-conscious state and was acting so aggressively police assistance was required. Four men were experiencing difficulty controlling him.

The youth, who had been in contact 12 days earlier with the saliva from a possibly rabid dog, was exhibiting signs of acute rabies - semi-conscious, behaving aggressively every 5 to 10 minutes, displaying spasms of neck and shoulder muscles, and frothing at the mouth. With police assistance, he was transferred to

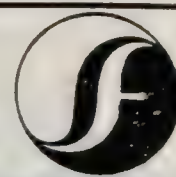

Civic Hospital in Peterborough.

Further tests performed at Civic revealed the youth had a very high percentage of alcohol in his blood - 350 milligrams of alcohol for every 100 milliliters of blood. A measurement of 300 mgs or over has caused death in some instances. 80 mgs is the maximum amount allowed for driving.

Once it was confirmed the symptoms were caused by alcohol consumption rather than by rabies the youth was hospitalized for a drying out period and is believed to have been released the following day.

Royal Winter fair opens

The Royal Winter Fair opened its 55th show last Thursday, November 10.

A number of young people from the county are participating in various programs associated with the Royal.

This year's Livestock Management Tour is being held in the Hamilton and Niagara areas. The tour began Monday of last week and ran through until Saturday. Part of the tour is an evaluation competition at the Royal. Victoria County delegates were: Kevin Willis of Manilla, Tim Pearson of Lindsay and Mark St. Pierre of Bobcaygeon.

In the 4-H Field Crop section, Roseanne and Francis Peeters have entries in the 2 row barley section; Blair Rodman and Ruth Lyons in the ear corn section; Larry Bowen in

wheat and Ian Torrey in potatoes. These entries will be on display for the duration of the show.

November 18th is Queen's Guinease Day at the Royal. Some 230 4-H beef club members in Ontario are competing. At the local level, Paul Robertson of Woodville, Jennifer Batty of Cobocok, Kelly Shier of Bobcaygeon, and Darryl Kennedy of Omeme have entered their steers. The show starts at 8:30 a.m. with the sale at 2:00 p.m.

An added feature this year is a 4-H Beef Showmanship Competition. This competition is open to one entry per county. It will be held at 7:30 p.m. Blaine Kennedy of Omeme is Victoria County's entry in this class.

The youth activities are an important part of the many attractions at this year's Royal Winter Fair.

Exercise is important for everyone

by Marie Wallace

I think that most of us find exercising boring, but we know that we feel better when we do exercise. Our bodies were made for activity and without regular exercise they just will not function at an efficient level. It is not age, but lack of exercise that makes us stiff and numb. Activity helps our body maintain its youthfulness.

We are told that 90% of adults breathe improperly and our body and brain need a continual supply of fresh oxygen to function smoothly.

It is not necessary to do difficult exercises and we are cautioned not to move too quickly - just at a rate which is most comfortable for us!

Fun and Fitness is a part of the Home Support program and every Thursday

from 11 - 11:30 a.m. seniors exercise together at the Drop-In Centre adjacent to our office in Haliburton (across from Emmerson Lumber). This group is conducted by Connie Love who attended an Instructor's course designed by the Canadian Red Cross Society especially for seniors.

You are invited to come along each Thursday morning and participate - inform your doctor if you are in doubt. Fun and Fitness can be held at the Senior Apartments in both Minden and Haliburton if the residents there would be interested, just call me at 457-2941.

May I remind you also, that we sponsor a "Senior Swim" on Monday and Wednesday afternoons at Locarno-on-the-Lake where you can enjoy the whirlpool, sauna and pool. Treat Your-

self!

If you would like to get in shape at home, we have a little illustrated exercise plan - especially designed for

seniors and if you call me at 457-2941 I will mail it to you, or drop-in when you are in Haliburton. Exercise and feel better.

senior league

by Bert Harrison

Dear Readers: We have had a taste of winter but now the snow has gone. No matter what the weather we must carry on. A lot of our residents have bad colds. We are not young any more, we are growing old. We have our 'super' down with the flu, our kitchen supervisor, Mark Schell, with a sore throat and arthritis too, and Arni Wright with a bad back.

There was a nice service in the chapel Sunday night with the Thompsons taking part. Everything went smoothly right from the start.

Monday morning down at Fun and Fitness Doris Vaughan won the game we played for all to witness. We welcome the Drysdales back from their home at Maple Lake - Carrie likes in Fun and Fitness to partake.

Linda showed us movies Monday night - "Salmon Running", "The Railroadier" which tried to make you laugh if you tried to stay sober.

Tuesday morning Rev. Wicks of the Minden Gospel Church held a very interesting service here. He spoke of a different part of the Bible leading up to Christmas. He said the people living in darkness saw a great light "The coming of the Lord" which was only right. Tuesday afternoon Doris took some of the residents for a bus ride just for some fresh air around the country side.

Having a birthday Wednesday was Ada Allcorn. She didn't tell us the year she was born. Brother Sinclair and wife dined with her here.

The sympathy of all of us go to Art Young and family in the passing of Mrs. Violet Young. We are sorry to report Arnie Wright off duty. It makes more work for Olive Hamilton. She works quietly away and we thank her for a job well done.

Wednesday night Earl Cooper was to have played

the music here, but he said "Oh, shucks". He sent Cathy Owens and Al Smith to play and he went hunting bucks. They did a good job - the music was fine. They are welcome here most any time.

Thursday morning the Friendship Group came to entertain us here. They are dedicated Christians witnessing for the Lord and they are so sincere. Rev. Wicks brought them here, I know he thinks them great.

They were to have been here Wednesday afternoon but they arrived too late.

We have some ladies here whose hands are seldom idle. This week I will mention four. Next week I may tell you more. Annie Cox, Margaret Gainforth, Ruby Lewis and Christina Precor and I might add Mary Oliver and Ina McGuire. They knit afghans, scarves, mitts or whatever you require. If you want someone to knit a good pair of socks just get in touch with Annie Cox.

The Haliburton ladies brought in the tea party lunch this Thursday and even washed up all the cups before they went away. Thursday night Kinsmen members, Paul and Mary Travers, Don and Yvonne Nye came and called Bingo numbers and weren't a bit shy.

Friday was sing-song time - You see it was Remembrance Day of those who gave their lives that we may be free. Friday night Payne and Deacon came along with Don Burch. Now here are the boys who sing and play - but not in church. Don sure adds to the trio and is really smart. He not only plays the harmonica, but also the old jewsharp.

The Best Wind

Whatever way the wind does blow, some heart is glad that it is so. So blow it east or blow it west, the wind that blows, that wind is best

kinette corner

by Cathy King

Last Tuesday the Minden Kinettes held their meeting and "potluck" supper in Kinette Jean Jackson's home. The dinner was excellent, with each Kinette contributing a delicious entree. Thanks to Kinette Jean Jackson for hosting our meeting.

During the meeting our upcoming projects and events were discussed. One of them is the Kinsmen Winter Carnival, which we are all looking forward to,

and from the way the weather has been lately, I think we will have considerably more snow than last year.

Recently the Minden Kinettes held a Card Party at Hyland Crest, with the following winner:

High man: Jerry Pillsworth.

High lady: Marg McAfee.

Low man: Pearl Cowen.

Low lady: Eleanor Pye.

Most lone hands: Mary Oliver.

Thank you to all those who attended.

Seminars will explore grief

The loss of a loved one is something we will all experience throughout our lifetime. Grief is a natural emotion felt when the news of a death reaches us.

For more information on the topic of Death and Dying, there will be three seminars at the Senior Elementary School in Haliburton. Each seminar has a film strip to start off the evening, that deals with the theme for the night.

On Sunday November 20, Dr. Donald Peel will be dealing with the topic of Grief. Dr. Peel is a former Chaplain at North York General Hospital and a Professor at the University of Toronto. Dr. Peel is also

the author of *The Ministry of Listening*. This seminar begins at 7:00 p.m.

On Monday, November 21, the topic will be Death as a Practical Matter. The speaker will be Ray Selbie: Wills and the Legal Aspect of Dying. Gordon Monk will deal with the Cost of Funerals.

On Tuesday, November 22, Funerals in North America will be the theme. Gordon Monk will speak about the Funeral Director's role and Rev. John James will tell us about the Funeral Service.

These two seminars will start at 7:30 p.m.

I am sure this will be an

interesting set of lectures and will especially be helpful for the Seniors of our community.

If you have a question you want answered, come and see us at the County Information Centre. We are located at the Drag River Municipal Building in Haliburton. Or call us sometime at (705) 457-2733. We are open Monday through

Friday, 10 a.m. to 4 p.m.

Another quick note I would like to add, is that Dr. Alan Davidson, (Haliburton County's Travelling Psychiatrist) will be discussing his practice on the Fifth Estate (CBC) on Tuesday, November 15 at 8 p.m. Watch for him!

And remember, you will never know the answer until you ask the question.

Flyer reunion

A world reunion, to end all wartime aircrew reunions, will take place September 6 - 9, 1984, in Winnipeg, for all nationalities who have ever flown in an air force for the British Commonwealth.

The purpose is to reunite comrades who have a special bond between them, by virtue of their unique experiences and recognized contributions to the peace and freedom we have enjoyed for almost four decades.

Four days of activities are on the program, including Command reception rooms, a banquet, concert and ball, a visit to a flying training station, an air show, gala luncheon, static displays and a cenotaph parade and memorial service.

Previous reunions were held in 1970, 1976, and 1980, each one being larger and more spectacular than the others. Registrations are well ahead of previous reunions, mostly from flyers who attended one or more of the previous ones.

Special air fares and charter flights are being arranged to bring former airmen from other Canadian provinces and abroad. Registrants will be kept informed.

Write now, or phone (204) 489-9256, either to register or get further information. Registration is \$105.00 (Canadian), plus \$95.00 for wives. A hotel deposit of \$50.00 also is required for each person. The address is Reunion '84, P.O. Box 2639, Winnipeg, Canada. R3C 4B3.

"WHERE THE ACTION IS"

Mason annual banquet

The Arcadia Lodge of Minden recently held its annual banquet at the Minden United Church.

Guest of honour for the occasion was the Deputy District Governor for Victoria District, Right Worshipful Brother Lloyd Johnson, right who is also a member of the local lodge.

The occasion also marked three generations of the Wrightman family, Allan, son Ron and grandson Robert, join Steve, another grandson in his initiation in the Brotherhood, below.

kid's korner

by Jean Lacey

Hi kids!

Here is another puzzle for you. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. It's as easy as that. Have fun.

around the county town

by Yvonne Guida

I came across the following recipe for an unusual meat loaf you may enjoy.

Two pounds ground beef
One pound ground pork
One pound ground veal
One cup breadcrumbs
One cup chopped onion
One cup cottage cheese
Half cup chili sauce
Three tablespoons green pepper, chopped
Three eggs
Salt and pepper to taste

Form into one or three balls. it is quite large. Cover with a can of tomato sauce and pour over half a cup of burgundy wine. Bake at 400 degrees for a half hour and then bake at 350 degrees for another half hour.

I'm sure you will enjoy it.

Hearty best wishes to Mr. and Mrs. William Ingram who celebrated their fortieth wedding anniversary Saturday night at the Wagon Wheel.

The Lydia Group of the UCW will meet at the home of Jenny Hagan, Tuesday November 15 at 7:45 p.m.

I finally have myself and my dog Brandy moved and I really love it. Of course, I am inundated with books and memorabilia.

I am very happy to report that Ron Welch, son of Edith Welch of Hyland Crest, is recovering nicely after undergoing surgery at Trenton Memorial Hospital.

A very happy birthday to Edith who will be eighty years young on November 21.

Her other son Gerald will be undergoing surgery at Tallahassee, Florida on November 14 and we all wish him a speedy recovery. Gerald will be undergoing an artery by-pass.

God bless you Edith. May you have many, many more birthdays.

Results of the card party at St. Paul's last week - High: Gladys?, Lone Hand: Marg McAfee, Low: Lil Porter, Cribbage: Diane Stevens and Cora Hewitt.

Remember the luncheon and bake sale to be held at Minden United Church on Friday, November 18 from 11:30 a.m. to 2 p.m. Everyone is welcome.

I am sorry to report that Mrs. Violet Young of Hyland Crest and Mrs. Mackay of Carnarvon passed away this past week. Our deepest sympathy to their relatives and friends.

St. Paul's holds its annual luncheon, bake sale and bazaar, Country Christmas, on November 25. Tickets for the luncheon are \$5.00 for adults and \$2.50 for children, otherwise, admission is free, so do come and enjoy yourselves. Can you believe it's almost Christmas again?

Don't miss the art and memorabilia at the Agnes Jamieson Gallery in Minden. It is a most unusual exhibit and will continue until November 19 and is open weekdays, Monday through Friday 1 to 4 p.m., and on weekends 10 a.m. on Saturdays.

The Fireside and Schnitzel House restaurants will be closed until November 28.

Take time to think, it is the source of power. Take time to play, it is the secret of perpetual youth. Take time to laugh, it is the music of the soul. Take time to love and be loved, it is a God-given privilege.

Therm Corby of Hyland Crest will be 80 on November 21. All of us wish her many many happy returns.

The Claw of the Cat a story of the Supernatural ©Yvonne Guida

The sky was a molten black and grey against a milky moon as the thing hurled itself against the Summer's door.

Sherry, Mark and Ted huddled in the kitchen, hearing the terrible cries of the wolfish monster trying in vain to break down the door. "Oh," Sherry screamed, "go away." It backed off then came again, lunging its huge bulk against the door. Sherry, unable to stand much more, took a lighter from her purse, wrapped a towel and lit it and opened the door to wave it at the creature. It screamed in pain, in fact slunk away with its tail between its legs.

"God," she said to the boys, I think we've finally beaten it," but she could hear the beast's heartbeat, so close it was to them on the outside.

Lightning lashed and thunder roared and the pines that surrounded the little house skirled and whirled like a Scotsman with his bagpipes waving frantically in the storm.

"Oh Kevin, where are you, why aren't you here, we need you..." (to be continued)

Neighbourhood Watch

Working Together To Prevent Crime

A meeting to explain the Neighbourhood Watch self-help property protection program will be held

Wednesday, November 23

7:30 p.m.

at the Minden Community Centre.

All those who responded to the initial survey are urged to attend. Everyone else interested in the program is also invited to the meeting.

This informational meeting is sponsored by the Rotary Club of Minden in co-operation with the Ontario Provincial Police.
